## **Project Progress Report**

**Project Name: Defibrillator**

**Report Date: 10 March 2025**

### **1) Project Objectives:**

This project will:

- Provide Community Public Access Defibrillator (CPAD)

### **2) Progress against Plan:**

- Emergency dynamo torch replaced
- Pads replaced as ones in defib expired at end of January. No cost involved as there were 2 spare and in-date sets already in the pack.

### **3) Actions for Next Period:**

Planned actions for next period:

- Continue with regular monitoring checks and take appropriate action if required.
- Consider a Community Awareness session later in the year.

### **4) Risks and Issues:**

- No risks or issues currently envisaged, although always potential for error codes to appear on CPAD device.
